

ALLIED FORCES FAIL!

On the 17th of September allied forces have dropped soldiers over Arnhem. According to one of our diplomats this huge attack is called Operation Market Garden. Until now, this has been the largest parachute operation but the Army have sent in hundreds of soldiers to protect Arnhem. We might have to take safety measures and preventively destroy the bridges so that the people in the surroundings of Arnhem are safe from these

capitalistic beasts. At the moment our forces are doing their best to fight them, and it looks like victory is near.

FROM THE ARCHIVE: DAS DEUTSCHE REICH LIBERATES POLAND FROM THYRANNY

Officers of Das Third Reich greets a Polish general.

Photo from the Press Office

This week in "From the archive", we take a look at the liberation of Poland. On the 1st of September Poland experienced what is is like to be part of The German Reich. In cooperation of the Soviets the Wehrmacht was able to put the carefully planned *Polenfeldzug* plan into action. Over seventy divi-

sions and 3000 tanks were put to good use and within 6 days Poland was liberated from the tyranny and Germany was able to retrieve land taken by scums of the West. Führer Hitler appointed Arthur Greiser to become Chef der Zivilverwaltung of the new military districts.

IN-DEPT ANALYSIS

Winston Churchill: An overview

Winston Churchill, a man so powerful, ruling a country so weak. Churchill was born on the 30th of November 1874. From that moment all his ideas were brainwashed by his capitalist parents. Winston had served a lot of years in the British army, he went to Cuba, India, Sudan and South Africa. After a lot of war he became an important man in the government starting as Leader of a political party. In 1940 he took power of the capitalistic nation Britain and until now he has been fighting against our great nation.

Our great Führer was born on 2 August 1934, and after he outsmarted his teachers on art school Hitler went to serve the German army. After being promoted to Gefreiter he received the Military Cross. After WWI he saw the trouble Germany was coping with. Unemployment was very high and Germany lost a lot of land after the capitalists made sure Germany signed the Treaty of Versailles. The government at that time was bribed to sign the treaty and weaken Germany as fast as possible so the capitalists could invade Germany. Hitler saw this problem and joined the NSDAP in 1920. In 1923 the government saw Hitler as a treat to their plan to ruin Germany and imprisoned him. Later the judges saw the error they made and released Adolf Hitler. On the 24 October 1929, Germans around the country experienced how depended it was on capitalistic countries. When the stock market crashed in New York, millions of people lost their job. Germany needed a strong leader, and within weeks Hitler was appointed as the Führer and rescuer of Germany.

Column by Philip
Schröder : The **NSB**

This week I was pleased to discover that the NSDAP also has a Dutch division: The NSB. This party is one of the few parties in the Netherlands who understood that the country was in need of a strong leader, and that leader was not the Dutch leader. When the Netherlands agreed the Führer was a better leader than the current one, it asked for the fusion of Belgium, Vlaanderen and the Netherlands to a Great Netherlands. However, the Führer first wanted to provide jobs instead of putting effort in fusing the country. The NSB helped people in need during the crisis in 1940 and made sure the Netherlands became stable again.

Joost van Binkhuize:

Today I will be writing a column about something that is a danger to our community, the resistance. The resistance was a group of anarchists, they acted reckless killing anyone in their way. The resistance was spread all over the country hiding in attics and forests. These people did not understand that by invading their country we would help them, it was the only safe way to live. They acted scared, hid and when they wanted they would shoot innocent soldiers. They communicated with English planes which could be very dangerous. At the beginning of this year the SS had to execute a few. They were starting to turn into a larger threat, now we have mostly eradicated them and we can live on to be a peaceful nation.

As mentioned above in the column of van Binkhuize, groups like the Resistance are a big problem in das Reich. The army need more men in the army to combat problems and to make sure the Resistance cannot gain food stamps to steal food from the people in need.

This picture is the Capitalist idea in a nutshell. It shows how the crazy Americans will use their capitalist ways to destroy the German Reich. It is the money that drives them to keep going, not their own nation. Their flags, natives, nooses, ku klux klan and their machine guns disgust the nationalistic feeling of our German Reich, and should be eliminated when possible. If you want to help with this, consider joining the SS WAFFEN.

German Football Championship

Congratulations to Dresdner SC who have won the 37th edition of the German Football Championship. It wasn't easy, they had to defeat LSV hamburg and it went down to the last minutes. Helmut Schon had scored 14 goals in this season bringing them to the top of the league. The Fuhrer himself awarded the Viktoria, the trophy that the winning team gets. The referee Trompetter said: "It was a great match for both parties, but at the end Dresdner was stronger, see you next year!" 70,000 people attended the Final and it was held Olympiastadion, Berlin. The finishing score was 4-0.

And if you run out of gas, it's easy to push.

See?
We think of everything.
Getting a Volkswagen to the side of the road is a pushover.
It's a little surprising that VW owners don't run out of gas more often.
A figure like 32 miles to the gallon can make you a little hazy about when you

last filled up.
And you spend so little time in gas stations, there are almost no reminders.
You'll probably never need oil between changes, for example.
You'll never need water or anti-freeze because the engine is air-cooled.
40,000 miles on a set of tires won't break

any Volkswagen records.
And repairs are few and far between.
So this year we've installed a gas gauge to help you remember.
But we haven't taken all the fun away.
You still have to remember to look at it.
